

GotSafety Unlimited – Risk Management and Safety Solution

The Zurich Services Corporation is offering GotSafety on-site and online services. The GotSafety training and tracking software helps you to easily keep track of your employee training across multiple platforms. The GotSafety system gives you access to multiple bilingual lessons, helping you keep your employees up to date on their safety training. GotSafety specializes in creating customized comprehensive safety program documentation, conducting safety inspections and on-site safety training (AZ, CA, NV only), providing safety training materials, and offering consultations from safety questions to OSHA citation consults.

What is included with the GotSafety system? GotSafety Online

- Safety Lessons
 - Over 1,200 safety topics to choose from
 - All safety lesson materials are available in English & Spanish
 - Safety lessons available in pdf, video and audio formats.
 - Digital sign-off
 - Creation of customized safety lessons
 - New lessons added monthly
- Document Upload
Upload your company documents, SDS sheets, PDF files, and audio/video files to give your employees access to them 24/7
- Customized Forms
Use the online Form Builder to create and fill out inspection checklists and reports!
- Digital Tracking
 - Create custom playlists
 - Manage training records by name, date, topic, location, or department

Documentation

- OSHA-compliant documentation specific to your company, industry and location. GotSafety will keep your safety programs current and compliant for the life of your account.

Safety Consultation

- For help with basic lessons to major citations, GotSafety can help you. GotSafety has 25 years of experience in working with clients across the nation.

On-site Inspections and Trainings

- GotSafety provides on-site safety lessons and inspections for you at your facility or job site.
- Please note that this service is available only in AZ, CA, and NV.

Unlimited Tech/System Support & Training Printing Services

- GotSafety will customize posters, signs, and stickers.

This is intended as a general description of certain types of risk engineering services available to qualified customers through The Zurich Services Corporation. The Zurich Services Corporation does not guarantee any particular outcome and there may be conditions on your premises or within your organization, which may not be apparent to us. You are in the best position to understand your business and your organization and to take steps to minimize risk, and we wish to assist you by providing the information and tools to help you assess your changing risk environment.

GotSafety services are provided by GotSafety, a third party service provider. This third party service provider may also offer additional services ("Additional Services") for which you must contract separately with Vendor and you are solely responsible for the payment for any Additional Services you elect to purchase.*

*The Zurich Services Corporation ("ZSC") will not be a party to any agreement between you and the third party service provider, GotSafety, for Additional Services. ZSC makes no representations or warranties regarding the quality of the Additional Services including, but not limited to, any implied warranties of merchantability and fitness for a particular purpose, and ZSC will have no liability whatsoever related to the Additional Services including, but not limited to, the quality, suitability or adequacy of thereof. GotSafety.

GotSafety is not a subsidiary or affiliate of ZSC and use of its Additional Services is independent of, and not included within, the GotSafety services or any other ZSC product or service. ZSC expressly disclaims any and all damages and other costs that may arise related to the use of or reliance upon the Additional Services, or any representations or warranties made by or on behalf of GotSafety. Risk Engineering services are provided by The Zurich Services Corporation.
