

FAQ - ZURICH RESILIENCE SOLUTIONS

Here's some frequently asked questions about our safety partner, GotSafety.com

WHAT IS A PORTAL?

A portal is an Access point to the GotSafety system. A portal comes with two access points, an admin to configure employee training records, safety lessons, Forms, and other important documents and an employee side to access resources and training material.

HOW MANY PORTALS DO I NEED?

Multiple locations can consist of multiple portals, based off the number of locations and number of employees.

For example:

- If you have one location with 500 employees, you will need just one portal.
- If you have 2 locations, in two states with 400 employees at each location, you will need 2 portals.
- There are many other configurations. If you have any questions, please call today at 435-708-0057 or email us at zurich@gotsafety.com

WHAT IS DOCUMENTATION, AND DO I NEED IT?

Your OSHA Safety Programs. Yes, every company is required to have, maintain, and implement OSHA programs.
